### Course description - What is the course about?

Explore and enhance the decorative quality of your ceramics work by experimenting with a range of tools and techniques.

### What can you expect to achieve by the end of the course?

You will hand build a series of small pieces to work on.

This is an experimental course, where you will learn various decorating techniques to explore new and interesting ways to decorate your work including: slips, underglazes, sprigging, Graffito, layering and texturing.

### What level is this course?

This course is for improvers who have worked in clay before.

### Is this course externally accredited?

No

### Previous experience or qualification required?

You need to have at least 2 terms' experience of working in clay

### Will I be expected to do homework?

You may be expected to do some research between classes.

### How will I be taught? How will learning be assessed?

You will work on your own projects, receiving feedback from your tutor throughout the course. Peer feedback will also take place.

### What will I need to bring to each lesson?

You will need to bring a notebook and pencil/pen and your inspiration

### Will I need to purchase any materials?

No

### Are there any additional costs after enrolment?

No, resources are included in the course fee

### Can I join the course later in the term?

This is a short course therefore it is better to start on Week 1

### What progression opportunities are available?

You can continue your studies by enrolling on another Ceramics course or one of our specialised courses; your tutor will help you to decide. You can view all of our courses at [www.newdirectionsreading.ac.uk](http://www.newdirectionsreading.ac.uk)
